Labor day was fittingly celebrated
in this city yesterday and a mam-
moth crowd enjoyed the holiday
from early in the morning until late
in the evening. The program was
under the auspices of the Newark
Trades and Labor Assembly, that or-
ganization placing the management
in the hands of a committee of ar-
rangements composed of Frank Ver-
heyen, A. J. Bingham, Phil Gerlach,
C. H. Rosebrough, D. Davis, H. J.
Lockwood, K. C. Jones, G. F. Haas,
S. Alsford, R. D. Williams, H. E.
Watson and W. Coen, and to these
gentlemen in a large measure is due
the splendid success of the entire
celebration.

The weather was all that could be
desired although it threatened rain
several times during the morning.
The heavy downpour all day Sunday
and a part of Sunday night rather
disheartened the gentlemen having
the Labor Day program in charge,
but it broke bright and crisp Mon-
day morning and before very long
the sun began peeping through the
clouds and a bright, glorious day fol-
lowed.

The court house square was
crowded with the numerous privi-
leged men and there were devices and
novelties of every description. Whips,
toy balloons, screeches, comeback
balls, pennants, etc., were to be
found in abundance while the baby
racks, ring contests and games of
chance for cheap prizes were much
in evidence. There was plenty of
amusements of this sort and they
were all confined to the four sides
of the court house park.

The small boy and his little sister
were astir early and they didn't have
long to wait for the Buckeye band
appeared promptly at 8:30 o'clock
and began dispensing music in gaily
quantities. The Corning, O., band
soon made its appearance and then
a third band made up of local musi-
cians helped to enliven the occasion.
The streets soon thronged with peo-
ple and at 10 o'clock it was a hard
task to get through the square, so
dense was the crowd. The traffic
officers had their hands full but no
serious mishaps occurred.

The parade was advertised to
move at 10:15 but it was 10:45 be-
fore it got started but the big crowd
was in a jolly humor and did not
mind the delay. The first division
with A. J. Bingham as grand marshal
and Messrs. Verheyen and Law-
yer as aides formed on First street,
with the right resting on Church
street. The second division with D.
Preston as grand marshal and
Messrs. Lockwood and Atkins as
aides formed on North Second street,
with the right resting on Church.
The third division with H. Catton as
grand marshal and Messrs. Anderson

CABLE LINES ARE INTERRUPTED BY AN EARTHQUAKE.

(Associated Press Telegram)
New York, Sept. 7.—The Cen-
tral and South American Tele-
graph company, today reported
that earthquakes had interrupt-
ed their cable lines between
San Juan Del Sur, Costa Rica,
and Salinas Cruz. Their report
states that the shocks were very
heavy in Costa Rica, but there
are no indications of loss of life
in their advices.

INSTRUMENT RECORDS THE SHOCK.

(Associated Press Telegram)
London, Sept. 7.—The Meteor-
ological office was notified today
by the observatory of Eskdal-
emuir, Scotland, that a violent
earthquake had been recorded
there at 1 o'clock this morning.
The indicated epicenter was at
latitude 9 north, longitude 86
west, about seven miles from
Cape Blanco, on the coast of
Costa Rica, on the Pacific. A
circle 10 degrees from this
point, includes the Isthmus of
Panama.

CZAR TAKES COMMAND OF HIS ARMIES

(Associated Press Telegram)
Paris, Sept. 7.—In a message to
President Poincare, Emperor Nich-
olas announces that he had placed
himself in command of all the Rus-
sian armies.

The message was sent from Tsar-
koye-Selo, the emperor's residence
near Petrograd under date of Sept.
6. It follows:

"In placing myself today at the
head of my valiant armies, I have in
my heart, Monsieur President, the
most sincere wishes for the greatness
of France and the victory of her
heroic army."

"Nicholas."

President Poincare sent the fol-
lowing response today:

"I know that your majesty in tak-
ing command of your heroic army,
intends to continue energetically,
until final victory, the war which
has been imposed upon the allied na-
tions. I address to your majesty, in
the name of France, my most cordial
wishes."

"Raymond Poincare."

FIREMEN HOLD A CONVENTION AT PORTSMOUTH

(Associated Press Telegram)
Portsmouth, O., Sept. 7.—Mem-
bers from all parts of Ohio, were
here this afternoon to attend the
opening session of the fifth annual
convention of the Ohio Firemen's
Protective Association.
Speakers scheduled for this after-
noon's session are:
Mayor Adam Frick; John Link,
director of public safety of Port-
smouth; David H. Kay, of Youngs-
town, president of the association;
and H. Stanley McCall, city solicitor
of Portsmouth. The convention will
last three days.

Washington, Sept. 7.—Weather pre-
dictions for the week beginning to-
morrow, issued by the weather de-
partment today included: Ohio Val-
ley: Showers Wednesday followed by
generally fair and moderate tem-
peratures until September 13, when
showery conditions are again prob-
able.

SAVED FROM THE WRECK OF THE ARABIC

Nov. 1, 2—Stella Carol, English actress,
and her husband.
No. 3—Miss Gladys Carne.
No. 4—Mrs. James Calmon.

Here are the first photographs of
survivors of the Arabic, wrecked off
the Irish coast by a German subma-
rine. Some of these passengers ar-
rived in the United States the other
day on the American liner St. Paul,
still carrying their life belts, which
they said they would preserve as
mementoes of their experience. Miss
Carol is an English actress, who was
on her way to open in the United
States. Miss Carne was a heroine of
the wreck. Though overcome with
seasickness, she recovered control of
herself and took an oar with the
sailors in the life boat which carried
her and a large number of other sur-
vivors. Mrs. Calmon was an Ameri-
can who was making the trip back
with her husband. She brought her
life preserver so she could remember
the occasion more evidently.

VOUCHERS

FOR PAY OF STATE EMPLOYEES
WILL NOT BE MADE BY
AUDITOR

Unless He is Assured That He is
Right by Attorney General
Turner.

(Associated Press Telegram)
Columbus, Sept. 7.—Republicans
not on the civil service eligible list
who have been put in state jobs,
made vacant by the ousting of Dem-
ocrats appointed under non-competi-
tive civil service examinations will
draw no pay unless Attorney Gener-
al Turner tells Auditor of State
Donahay to give them their salaries.
The auditor today in seven ques-
tions sent to Mr. Turner asking what
he should do about the pay of these
appointees, made it plain that he
would not approve their salary
vouchers unless assured by the at-
torney general that this would be
legal. The attorney general's an-
swer is expected before Sept. 15,
the date of the next pay day.
"What I want to know," said Au-
ditor Donahay, "is whether it is legal
to approve salaries for persons gath-
ered up from the street and who have
not been certified under any civil
service law and who have been put
in place held by ousted persons, ap-
pointed under civil service. I am un-
der bond and do not intend to
take any risks."

Here, in brief, are the questions,
which Auditor Donahay asks Attor-
ney General Turner to answer:
"Is a person entitled to pay who
was appointed without having been
certified by the civil service com-
mission from a list of eligibles, and who
was not an incumbent August 30,
when the new civil service went into
effect?"

STRIKERS

TIE UP STREET CAR TRAFFIC IN
SEVERAL NEW YORK
CITIES

Quit Work Because of Methods Used
in Punishing Infraction of Com-
pany's Rules.

(Associated Press Telegram)
Albany, N. Y., Sept. 7.—All street
car traffic in Albany, Troy, Cohoes,
Watervliet, and Green Island, is tied
up today because of a strike of con-
ductors and motormen over the meth-
od of suspending employees for al-
leged rule infractions. About 1600 men
are involved. The lines are owned
by the United Traction company.
The 800 conductors and motormen
on the local line walked out yester-
day, and this morning a similar num-
ber from the Troy local struck in
keeping with their working agree-
ment, with the Albany local. The
Troy men operate the cars in Wa-
tervliet, Green Island, and Cohoes,
cities near Troy.
Fear is expressed that the Schene-
ctady local may walk out today, or
tomorrow, although this morning its
members had taken no official ac-
tion looking to a strike.
No serious trouble has been ex-
perienced in any of the cities where
the strike is in effect.
Cars are locked in the barns and
there is no intention to break the
strike with imported workers, com-
pany officials say.
A conference between the two
sides, was set for today. Two con-
ferences were held yesterday.

(Associated Press Telegram)

Portland, Me., Sept. 7.—The value
of the gold and securities brought
to Halifax yesterday on the fast
cruiser Argyle, and which passed
through Maine early today on the
way to New York, to strengthen
British credit, exceeds \$80,000,000.
The gold consists of 11,562,000
English sovereigns, equivalent to
about \$58,250,000 and 7,850,000 is
United States coin. The value of the
bonds is \$14,000,000. This is \$30,-
000,000 in excess of the value of
each of the two previous consign-
ments of gold and collateral securi-
ties.

A different route from this city to
New York, than that followed by the
two previous shipments of gold from
England, from Halifax, was taken to-
day by the special train of seven
steel express cars, carrying more
than \$50,000,000 worth of gold and
bonds to strengthen British credit
in this country.

The train, guarded by two score
armed men, and protected by a pilot
train, reached here at 8:57 a. m., and
was sent out over the Worcester,
Nassau, and Portland division of the
Boston and Maine. It should reach
New York late this afternoon.

The other trains went by way of
South Lawrence and Lowell to
Worcester.

PILOT TRAIN SENT AHEAD OF TREASURE ON EXPRESS CARS

(Associated Press Telegram)
Bangor, Me., Sept. 7.—The third
consignment of gold and securities
sent to this country from England,
which reached Halifax, N. S., on the
cruiser Argyle yesterday, was brought
into the U. S. during the night and
it is expected that it will be in New
York late today. The special train
of seven express cars bearing the
treasure arrived here at 4:42 a. m.,
engines were changed, a pilot train
was sent ahead and at 4:54 the train
resumed its journey for New York.

lish today, the news from Portland,
Maine, that more than \$65,000,000
in gold coin, was speeding to New
York to bolster Great Britain's cred-
its in this country.
This, it is believed, is the largest
single gold shipment ever made here
by a foreign power. It comes, it is
said, at a time when gold is wanted
less than ever before in the history of
the country.

RIGA'S SEIZURE IS VITAL

As the Rainy Season is Com-
ing On and the Invaders
Must Bring Up Supplies
for Their Advance Forces
—May Establish Winter
Quarters and Postpone
Petrograd Campaign.

(Associated Press Telegram)

London, Sept. 7.—The immediate
objective of the Austro-German cam-
paign in Russia becomes clearer
with the growing indications that the
invaders need the Baltic coast points
of Riga, not only as a base for pre-
sent operations in the direction of
Petrograd but as winter quarters in
case the attempt to reach the Rus-
sian capital should be postponed un-
til next spring.

Field Marshal von Hindenberg is
experiencing great difficulty in
bridging the portions of the Dvina
held by the Germans. The current
of the river is too swift for the con-
struction of pontoon bridges, under
the Russian artillery fire. As the
rainy season comes on it will be more
difficult for the invaders to bring up
supplies for their advance forces,
and consequently the seizure of Riga
as a base becomes more vital to the
success of von Hindenberg's plans.

The urgent necessity of capturing
Riga is indicated in an army order
which a Paris newspaper credits to
General Buelow. The general ex-
horts his troops to one more great
effort to capture the port, making it
their winter home preparatory to
marching on Petrograd next spring.
Along the other sections of the
Austro-German rush has been consid-
erably checked. Vienna admits that
fierce counter-attacks by the Rus-
sians have brought the advance along
the Galician border almost to a
standstill. The right wing of the
Austro-German forces is said to be
contemplating an attack on Kiev,
with Field Marshal von Mackensen
in command.

No exceptional actions have occur-
ed on any of the other fronts. Gen-
eral artillery bombardment of the
French continues along the western
line.
No official report has yet been
made on the circumstances attending
the sinking of the Allan steamship
Hesperian. There has been no
change in the figures given out yester-
day by the Allan line indicating
the loss of twelve passengers and
thirteen members of the crew.

FRENCH VESSEL TORPEDOED BUT CREW WAS SAVED.

(Associated Press Telegram)
Paris, Sept. 7.—The French steam-
ship Bordeaux has been torpedoed and
sunk 12 miles outside the mouth of the
Gironde off the western coast of
France. Her crew was taken aboard
a pilot boat.
The Bordeaux belonged to the Com-
pagnie Generale Trans-Atlantique. She
was a freighter of 4,530 tons, 370 feet
long and built in 1891. There are no
records of her recent movements. She
was last reported as having arrived at
Havre on July 13 from St. Nazaire.

Austro-Hungarian Diplomat Discusses With Sec'y Lansing Reports He Was Meddlesome

(Associated Press Telegram)
Washington, Sept. 7.—Dr. Con-
stantine Dumba, Austro-Hungarian
ambassador had an engagement
with Secretary Lansing, at the state
department today, to discuss reports
that he had participated in plans to
check the manufacture of munitions
in the United States. It was un-
derstood the ambassador's request for
the interview was based on a desire
to explain his dispatches addressed
to the Austrian foreign office which
were taken by British authorities as
a messenger.

The messages were said to have
presented a subject for which there
is no precedent in American diplo-
macy. They were understood to
disclose that Dr. Dumba had under-
taken to advise subjects of Austria-
Hungary that they were violating a
legal code of the dual empire by
working in American plants produc-
ing war supplies for the allies.

AMBASSADOR HAS NOTHING TO GIVE OUT.

New York, Sept. 7.—Dr. Con-
stantine T. Dumba, Austro-Hun-
garian ambassador, left Washington
at 8 o'clock today after having spent
the night at a hotel here.

TROLLEY POLE BROKE; CAUSED TRAFFIC DELAY

A brilliant electrical display, and
the narrow escape of several persons
was caused on Tuesday morning
when the trolley on the 9 o'clock
Columbus car slipped and the cross
wire on the Ohio Electric Line in
West Main street broke.
The force of the current bent the
trolley pole nearly double and when
the wire snapped it was thrown
against the side of the building of
the Linehan shoe company breaking
one of the display windows. The
live wire in falling just missed a
woman who was driving past and a
horse which was hitched to a tele-
graph pole. The electric traffic was
held up for a minute, but the repairs
were made at once.

Murder Suspects' Attempt To Break Jail Frustrated; Sheriff Swank Finds Saws

David Stiffen, Charles Athey and
Wilbur Sorrell have been placed in
solitary confinement at the county
jail and all the privileges which they
have heretofore enjoyed have been
taken from them by Sheriff Charles
H. Swank. The sheriff yesterday
morning discovered that a bar in a
bath room had been partly sawed in
two. He had suspected that tools
might be passed into the prisoners
and had been keeping close watch on
the visitors who called on them. Sheriff
Swank's suspicions had been aroused
a couple of days ago when he
heard unusual noises and he be-
gan keeping a closer surveillance on
the men he suspected as he wished
to catch them in the act.
Stiffen, Sorrell and Athey are
awaiting action of the grand jury,
being accused of the murder of Patrol-
man Walter Boscowan, the latter be-
ing shot while guarding the office of
the Wyeth-Scott company one night
several months ago. Athey was
found a few days afterwards with
two bullet holes in his leg and Sor-
rell was taken into custody shortly
after and confessed to the crime of
attempted safe blowing and the

Washington, Sept. 7.—Command-
ing officers of the sunken liner Hes-
perian in a joint affidavit forwarded
to the state department today, de-
clared that from the fragments of
steel which fell on the deck, it was
"indubitably" shown that the ship
was struck by a torpedo.
(Associated Press Telegram)
Washington, Sept. 7.—Today's of-
ficial dispatches still left in doubt
whether the Allan liner Hesperian
was sunk by a torpedo or a mine. The
state department and the White
House continued to delay any action
or decision.
Secretary Lansing said his reports
were inconclusive and failed to es-
tablish exactly how the ship was de-
stroyed. One dispatch from Consul
Frost referred to the Hesperian as
having sunk where she was torped-
doed. Ambassador Page transmitted
information he had received from
the British admiralty which dis-
claimed that the ship had been used
in military service at all since the
beginning of the war.
The official disposition is to give
opportunity for receipt of official re-
ports from both German and British
sources. The consular offices in
England, meanwhile will gather
statements from Americans who
were on board.
There is a strong possibility that
the United States may change its at-
titude toward what constitutes arming
a merchant vessel, and in the light
of the development of submarine war-

WOMAN FOUGHT HAND TO HAND WITH ROBBER

GRASPED THE BARREL OF A
REVOLVER AND WRENCHED
IT OUT OF HIS GRASP.

Mrs. J. Ogden Armour Heroine of
Episode in Which Home Was
Robbed of Jewelry.

(Associated Press Telegram)

Chicago, Sept. 7.—Mrs. J. Ogden Armour, wife of the millionaire packer, today related the story of her experiences last night with two masked and armed robbers, who looted the Armour residence 3724 Michigan avenue of jewelry valued at \$7,500.

Mrs. Armour although stunned for a moment by a blow on the head with a "billy" fought hand-to-hand with one of the robbers. She grasped the barrel of a revolver pressed in to her face, threw it over her head and began to struggle with the man, calling out an alarm to her servants.

Mrs. Armour had retired for the night and not more than a half had passed when a knock was heard at her door.

She called the name of her maid. The man answered in a falsetto voice. Fearing something wrong, she threw open the door and stood face to face with a masked robber. His companion in the meantime had overpowered three maids.

"I tried to shut the door," Mrs. Armour said today, "but the man threw his foot into the opening and through the aperture pressed a revolver into my face."

"I seized the barrel of the weapon and pushed it up over my head. Then I tried to push the door shut. But he hurled himself against the door, and, as it flew open, raised a 'billy' bringing it down on my head."

"One of the robbers asked where I had been, and I replied to my Lake Forest home. 'Bring all your diamonds?' he asked."

"No I left most of my jewels up there. 'I'll knock your teeth down your throat, if you don't tell where the stuff is,' he commanded."

While Mrs. Armour and her maids were held in a corner of the room under the threat of death to any who moved, one of the robbers swept the dresser of jewels. Then all rooms were searched. Completing their task the men ran down stairs and escaped through a back door.

Telephone wires had been cut to prevent an alarm.

The pearl necklace for which Mr. Armour was obliged to pay \$9600 duties when he brought it to this country from France in 1901, is believed by the police to have been the loot sought by the robbers.

The necklace was valued by Gov-

ernment appraisers at more than \$15,000.

The jewelry stolen consisted mainly of diamonds.

Only \$75 in cash was obtained.

and Allen, as aides formed on North Third street with the right resting on church street and the Fourth division with W. W. Litten as grand marshal and Messrs. Emmert and Howard as aides formed on North Fourth street with the right resting on church.

When the parade appeared it was greeted by thousands who lined the streets and cheered the different organizations. A committee composed of Mr. Frank Neighbor of the American A. F. Stephan, Mr. Frank Neighbor of the American tribune, Mr. W. H. Mazey representing the Retail Merchant's Association and H. D. Hale of the Advocate, viewed the parade in West Main street, counted those in the various unions represented and made a report recommending the award of prizes. The recommendation was as follows:

Electrical Workers, first prize for finest appearing organization in line. Sheet metal workers, second prize for finest appearing organization. Stage Workers, first prize for finest float in line.

C. S. Osborn & Co., prize for most comic turnout.

The count of the numbers in each organization was certified to the general committee. This count will be compared with the official membership lists of the various locals and the general committee will make the award.

Following were the labor organizations represented in the parade:

First Division.

Trades and Labor Assembly.

Metal Trades Council.

Painters.

Ice Handlers.

Tailors.

Boilermakers.

Molders, No. 205.

Teamsters.

Second Division.

Green Glass Workers.

Carpenters.

Sheet Metal Workers, No. 250.

Journemen Barbers.

Retail Clerks.

Third Division.

Ladies of Musicians Union.

Iron Molders, No. 152.

Bakers.

Electrical Workers.

International Machinists Stage Workers.

Typographical Union.

Fourth Division.

Floors, all business places, industries and factories.

The parade moved west on Church street to Seventh, south on Seventh to West Main street, east to Third street, thence around the south side of the square to Main street and out East Main to Front street and then countermarched back to Second street and then around the north side of the square to Third street, north to Church, west on Church to Fourth where the parade disbanded.

The parade was one of the best ever held in the city. It was highly complimented by all who witnessed it and the locals participating certainly deserve much credit for the splendid turnout. The industrial feature as well as the comic make-ups are to be commended for the enterprise which they displayed.

Afternoon Program.

The afternoon program started promptly at 1:30 o'clock with concerts by the band and a race for girls from 12 to 16 years old, the distance being 25 yards and the prize a fountain pen. Then came a pie eating contest for boys from 12 to 16 years old, the prize being a base ball glove.

The big event of the day was scheduled for 2 o'clock, a tight rope walk by Prof. O. O. Davis, of this city. The exhibition took place in West Main street and it was packed to suffocation from Third to Fourth street with hundreds of spectators all eager to watch the professor in his daring feat. His rope was stretched from the Schaller Block to a building opposite and the professor made the trip across and back while thousands below held their breath in fear that he might be dashed to the pavement below. He performed many daring stunts on a trapeze and his exhibition certainly was a thriller.

Then followed a boys' race, young men's race, three-legged race for men, potato race for girls and a concert by the Corning band at 4 o'clock. Prof. Davis then gave another exhibi-

To Keep Straightest Unruffled Hair in Curl

(Woman's Tribune)

The straightest, contrariest hair can be kept in curl, even in the dampest weather, by such simple and harmless means, that the use of the drying, singeing, blistering curling iron is altogether inexcusable. One need only get a few ounces of plain lather all over the hair before retiring. The result is quite remarkable, as the look of the hair shows in the morning. The hair is delightfully wavy, fluffy and glossy, without being in the least greasy,ummy or streaked, and the effect lasts very much longer than where any other method is employed. The silimene is best put on with a clean tooth brush, drawing this through the hair from crown to tip, preferably after dividing it into strands. The application seems to gradually improve the texture and growth of the hair.

bition on the tight rope and that was followed with a concert by the Buckeye band from 4 to 5:30 o'clock which brought the festivities to a close.

The crowd remained in the streets however until a late hour and the concession men did a fine business, the lunch stands especially keeping open until after 10 o'clock. The day passed off pleasantly and there were no accidents of any kind to mar the pleasure of the merry makers. The committee is entitled to the greatest of credit for the success of the celebration of labor day 1915.

AT BUCKEYE LAKE

There Were Good crowds That Enjoyed Labor Day Holiday.

The heavy rains Saturday and Sunday tended to keep many away who had planned to spend the two holidays at Buckeye Lake Park, and the cottage parties were not as numerous as in the years past, but Labor Day found a great number at the summer resort, Columbus sending an unusually large crowd.

Both the Harris and the Glass pavilions were in gala attire, all the lights being covered with colored lanterns, and all took on the air of the harvest festival.

The weather this season has been exceptionally bad for park business and it has been decided by the management that the resort will be kept open during the entire month of September. It has been customary to close on Labor Day or shortly after but the park this year will be run during September as during the entire summer. All the concessions will be open, the hotels will be running and there will be dancing every evening and in the afternoon and evenings on Sunday.

SELF-RELIANT HOME DOCTORS.

is what women are called who all over this broad land make their annual collections of roots and herbs, and rely upon receipts which our pioneer mothers found dependable for different family ailments. In one of these receipts, Lydia E. Pinkham's Vegetable Compound had its origin and so successful has it proved that there is hardly a city, town or hamlet in America where some woman who has been restored to health by its use does not reside.

CRITCHET AGAIN

MADE PRESIDENT

AT THE REUNION

The tenth annual reunion of former residents of Licking county held last week at Gibboa was attended by about 150 people. The weather was fine but many farmers were busy threshing wheat and sickness prevented others from attending. Hon. Frank Blackford was speaker for the day. The Riverside orchestra furnished the music. The next meeting will be at Belmore.

The following named officers were elected: President, F. E. Critchet; vice president, L. H. Casteel; treasurer, John Sterritt; secretary, Miss Blanche Ritchie. Mr. Critchet has been president of the organization for the past ten years.

Among the former residents of Licking county present were: R. McCarty, John Sterritt, Byron and Del Folk, David Carr, O. B. Gurnsey, Will Danielson, Lewis Hashbarger, Dr. Stateler, Will Wallen, Prof. Geo. Miller, E. A. Imhoof, Albert Sterrett, Mrs. John Wilkins, Mrs. Rebecca Henderson, Mrs. Wm. Harris and Mrs. Blanche Ritchie.

NEW TREASURER

TAKES OFFICE;

NAMES FORCE

W. H. Miles, Democrat, this morning assumed his duties as county treasurer, succeeding W. Rutledge, who has served four years in that office. Mr. Miles being the efficient deputy. Upon retirement from office Mr. Rutledge was presented with a handsome leather upholstered rocker, the presentation speech being made by

W. H. MILES.

Deputy Auditor C. M. Thompson, who eloquently told of Mr. Rutledge's faithful performance of duties during his tenure of office and of the regret of his fellow officials in losing him as a member of their family. Mr. Rutledge responded and thanked all for their handsome gift and said he would always cherish it as a token of his pleasant associations with his fellow officials.

Mr. Miles, the new treasurer, has announced his selection of Mr. B. V. Weakley as his first deputy and H. E. Brown as second deputy. These young men are eminently qualified to fill the offices to which they have been appointed by the new treasurer. Mr. Miles is a graduate of the Hanover high school and for a number of years taught school and served as a superintendent. He is eminently qualified in every way to fill the important duties of office to which the voters of the county have elected him.

CONSCRIPTION IS

NOT POPULAR WITH

TRADE UNIONISTS

(Associated Press Telegram)

Bristol, Eng., Sept. 7.—A resolution against Conscription was adopted unanimously with great cheering, at today's session of the trade union congress. The resolution was forwarded to Premier Asquith, Earl Kitchener, David Lloyd George and Lord Northcliffe.

The congress also declared in favor of nationalization of the railroads, taking the position that the experience of the government in manning the roads during the war was sufficiently encouraging to justify this step.

Don't neglect an aching back. Backache is often the kidney's cry for help.

Neglect hurting the kidneys' aid Means that urinary troubles may follow.

Or danger of worse kidney trouble.

Here's Newark testimony.

Mrs. C. Gartner, 131 South Second street, Newark, says: "I had trouble with my back. I couldn't sweep or do washing or ironing without suffering severely from dull pains across my loins. I often had to sit down, leaving everything undone. Another of the family had been helped by Doan's Kidney Pills and I got a box at Evans' Drug Store. I had benefit from the first and a few more boxes completely cured me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Gartner had. Foster-Milburn Co., Props., Buffalo, N. Y.

See this great car before you buy

A SMALLER car—that is the only essential difference between the new 32-Four at \$1050 and the other KisselKar models. It is a quality automobile—worthy of its name in every respect.

It has rare beauty—115 inch wheelbase, ideal proportions, plenty of room, lines sweeping and graceful, finish lustrous and lasting, equipment complete. The same sterling in-built worth is there—the same superior grade of material and workmanship—the same distinguished appearance as has always characterized KisselKars.

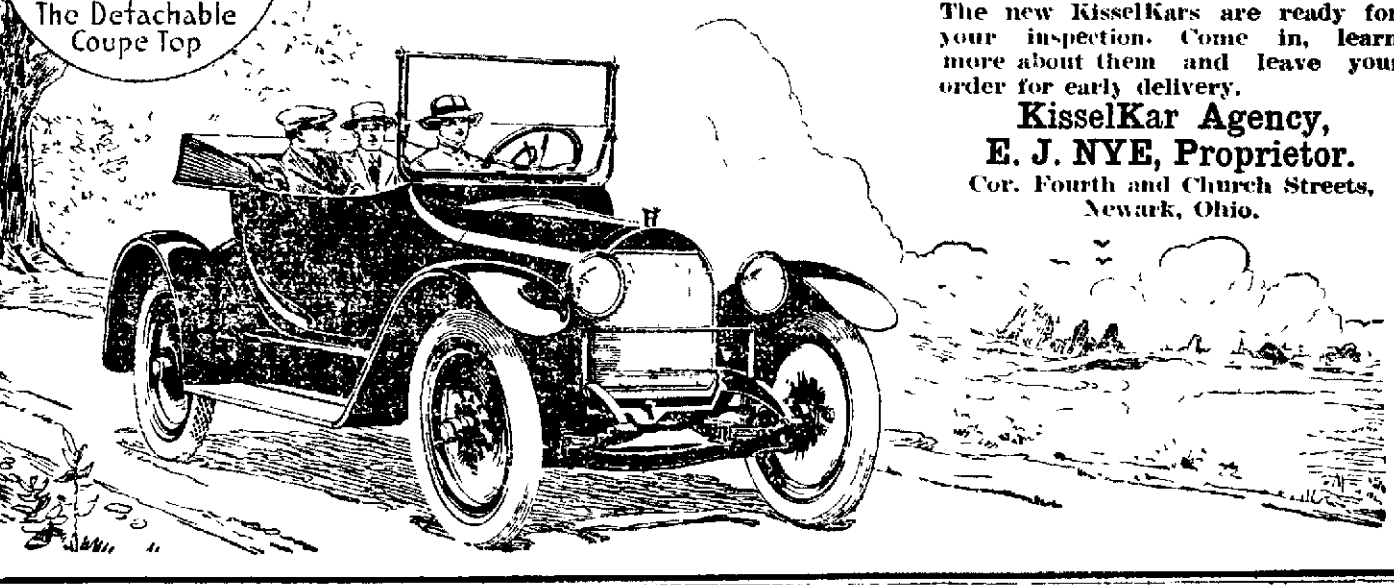

The ALL-YEAR Car

THE 32-Four chassis is also available with the new KisselKar four passenger roadster body—the same as the more expensive models. This model, which is specially built, is listed at \$1150.

With the roadster you can buy a Detachable Coupe Top—completing an ALL-YEAR Car that you will find as delightful for winter as for summer driving.

The new KisselKars are ready for your inspection. Come in, learn more about them and leave your order for early delivery.

SUBMARINE LOST

AFTER SINKING

SMALL CRUISER

(Associated Press Telegram)

Berlin, Via London, Sept. 7.—The admiralty announced today that the German submarine U-27 sank a small British cruiser several weeks ago. The U-27 has not been heard from since, the admiralty also says, and probably is lost.

The announcement follows: "According to a report of one of our submarines, it met the U-27 on the high seas, after the latter, about August 10, had sunk a small British cruiser of an old type, west of the Hebrides Island, off the coast of Scotland. The U-27 has not since returned and must be regarded as 'lost'."

NEW CASTING RECORD.
(Associated Press Telegram)
Chicago, Sept. 7.—A new world's record for casting was claimed today for F. E. Moffat, of Chicago, who sent a half ounce ball 215 feet in the distance event of the national amateur fly-caster's association meet here yesterday. The former record was 211 feet.

AMATEUR GOLF CHAMPION

Robert Gardner

Detroit, Mich., Sept. 7.—America's amateur golf champion is a youth from the West. Robert Gardner of Hinsdale Club, Chicago, swept the last survivor from the East to defeat Saturday afternoon in the final match of 36 holes for the national title. He outdrove and out-played John G. Anderson of Swaney Club, Mount Vernon, N. Y., and his winning margin was 5 up and 4 holes to play.

This is the third great feat of the champion's career. He achieved national recognition as a golfer in 1909, when he won the amateur championship from Chandler Egan of Chicago at Wheaton, Ill. His other victory occurred on an athletic field. As a member of the Yale track team he held the world's pole vault record for a week with a mark of 13 feet one-half an inch.

Gardner's victory would have been more one-sided had he played his morning round with the same deadly accuracy that he displayed in the afternoon. Anderson had a lead of 1 up when the first 18 holes were completed. Four times during that much of their contest, Gardner missed putts of three feet or less. In the afternoon his short game was fully as effective as Anderson's. This gave Gardner an important advantage for his tremendous drives far outclassed those of his opponent. Players who had competed in the tournament earlier in the week, said that Gardner, at times, drove his ball farther than any man who figured in the championship play, not even excepting Jesse Guilford of Boston.

TOURNAMENT BUCKEYE LAKE NEXT FRIDAY

GOOD PROGRAM ARRANGED FOR FISH AND GAME ASSOCIATION.

Human Fish Contest Will be a Feature of the Program — Prizes Awarded to the Winners.

The first annual tournament of the Licking County Fish and Game Protective Association will be held next Friday, Sept. 10, at Buckeye Lake Park.

The program starting at 8 o'clock in the morning will continue all day and includes a bass fishing contest, trap shooting contest, nine casting events in the morning and interesting water sports. In the afternoon starting at 1 o'clock a dozen more casting events will take place, some of the events being open to all, others open to Licking county only and some open to the ladies only.

Splendid prizes will be awarded to the winners of the several contests throughout the day. National Association Scientific Anglers Club rules will apply in all events, both amateurs and professionals.

An interesting feature of the day will be the "human fish" contest, such as was seen at Buckeye Lake on Labor Day. George Tinkham will be the fisherman and Guy Nutter of Columbus, has consented to play the role of fish (not a sucker). C. T. Brucker will give a \$2.50 gold piece to the winner. Yesterday's event was declared a draw. The human fish contest will be limited to 10 minutes. Tinkham will attempt to "land" Nutter with hook and light line.

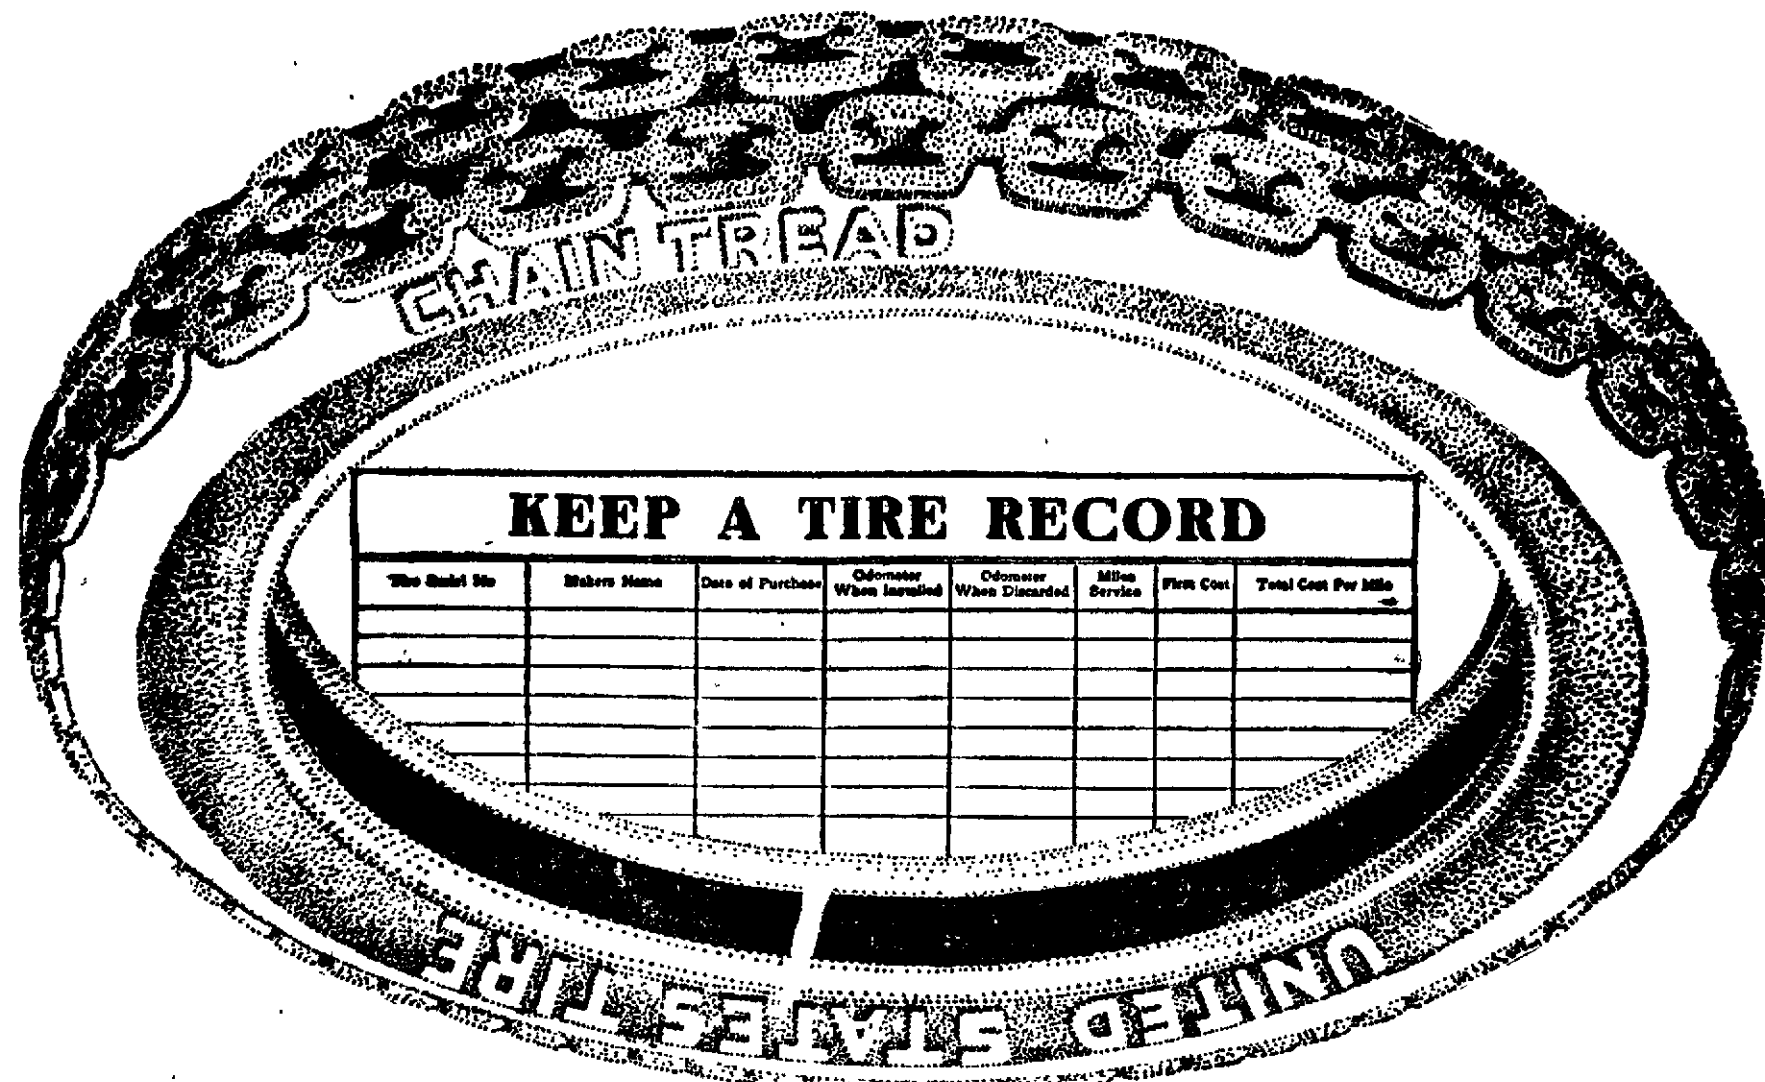

The Licking County Fish and Game Protective Association has a membership of 700. Its object is to encourage true sportsmanship and to protect the fish and game of the county. A large attendance at the lake Friday will encourage the members in the good work they are doing.

At the Auditorium Wednesday and Thursday will be seen the William Fox production of "A Woman's Resurrection." Count Leo Tolstois greatest work in the visualization of which Betty Nansen the world-famous European tragedienne is seen in the full height of her magnificent dramatic powers.

At the Broadway Theatre, Long Branch, Sunday night, Irvin S. Cobb began, under the direction of Selwyn & Company, a fall tour of the principal cities with his illustrated war talk entitled, "What I saw at the Front," based on his experiences as a correspondent in the European war zone. Because of the great success that attended Mr. Cobb's initial appearance as a speaker last winter, it has been necessary to book him for return engagements of the cities in which he appeared.

The present war in Europe has made most people, even Americans, quite strongly partisan. But there is one man in New York for whom it is impossible to declare complete allegiance to any one cause. Legally German, the son of a German father and trained under the Kaiser's military system, he was born in London of an English mother, and has a step-brother who is French. His predicament is increased by the fact that he is playing in "Under Fire" at the Hudson Theatre and that he is understudying the part of a Belgian villager. Edward Moller is the man's name.

School Days Again.

This the first day of school is one of the prettiest pictures of the yearly calendar. The long procession of kids, all washed and combed and dolled up for the opening session, is a pageant of youth and hope. The youngsters can not for more than one day be kept at this high water mark of cleanliness.

They may growl and fret at having to resume their toil. But not one in ten would remain at home if given the chance. As a matter of fact, the time hangs rather heavy on their hands before the long vacation is over.

It takes an inventive mind to find a sufficient number and varieties of play to fill a whole vacation. By September about all of the known pastimes have been thoroughly tried out, and all possible joy extracted. Most children are willing to work at school tasks, if the proper incentives are applied. They may not see the inherent value of what they are doing. But they are accessible to the motive of competition. The position at the head of the class will never lose its allurements.

Some one asks what has become of the old fashioned man who used to eat a bowl of bread and milk for supper? Well, he would like to do it again, but his wife has probably decided that a few soda wafers with a little mayonnaise dressing is better form.

It is claimed that the United States will have to feed 1,500,000 Belgians this winter. Those brave people would better come over here to live, where men are considered worth something better than for bone fertilizer.

The Newark Labor organizations seem to have had a private but highly satisfactory understanding with the weather man. The two-day deluge was concluded just in time to bring ideal conditions for Labor day.

Business in the halls of the state legislature is so pressing this summer that it takes five clerks in both the house and the senate to keep the cobwebs from covering the place—at a quid pro quo of course.

The state viand now, by adoption of Brothers Newt Miller and Frank Willis, is branded gizzards with sherry sauce, and a little Green River whiskey on the side "for purely medicinal purposes."

The grocers and butchers actually expect people to settle their bills even though they may have just bought new automobiles.

About a year ago now the newspapers were still printing editorials on the impossibility of another great war in Europe.

Przemysl is said to be pronounced in Polish exactly the way it is spelled. That makes it easy. All together now.

The children may have to wear shabby shoes to school, but gasoline and tires must be bought.

Loafing In College.

Dr. T. M. Balliet, dean of the pedagogy school of New York University, told the National Education Association a few days ago that present day college terms are "four years of loafing." This agrees with an article by a college undergraduate recently printed in The Outlook, which says college courses are so easy that students slip through with little work.

Yet many students, apparently perfectly truthful, say they have to work hard to pass tests and keep out of conditions. The parent looking for a good college for his boy or girl feels puzzled to know which point of view is correct.

The bright student may get the substance of a lesson in ten minutes, over which the duller fellow would work an hour. By dodging studies like mathematics and the classic languages, which call for steady grind, many long hours are saved.

With ten minutes hurried reading of a subject like literature, civil government, political economy, the student with ready wit and facile speech might make a far better showing than the slow tongued grind.

The frequent cases like these indicate the fallacy of too many electives. The educator with scholastic tastes may think each student is selecting the course that accords best with his own needs and gifts. But probably the majority of students pick the easy courses.

A college should not be satisfied with its work unless careful thought is given to each individual student. If he is slipping along on easy courses, the authorities need to hand out some real intellectual wood-pile for him to saw and split. Few parents send their boys to school to spend their time with their feet on the piazza rail of fraternity houses, or eating and sleeping on the ball ground.

The question is raised what has become of the old fashioned man who used to spend his evenings cultivating the flower garden? Well just now he is telephoning his hired gardener to come up and pull a dozen weeds out of the dahlia bed.

The apple grower is supposed to grade his fruit systematically and honestly, but to some old timers it must seem an awful waste to put any good specimens at the bottom of the barrel.

A great many of the high school boys are determined to prepare themselves thoroughly for college, even if they break a bone in making a tackle.

It may not be any safer for the automobilist to carry glaring head lights, but it tends to make the other fellow get out in the ditch.

World's Debt to Wilson.

(New York Evening Post.)
We know well what the critics will say now: that the story would have been different had Germany not had her hands full, had she been free to strike us as well as to deal simultaneously with France, Russia, Serbia and Great Britain. There will be the writers in Sunday magazines to say that we have merely postponed the evil day, that Germany will never forget this humiliation, and will only wait to recover from the terrible costs of the present struggle to strike at us. This, and much more stuff of the same kind, we shall doubtless hear from our patriots for publicity. We say without equivocation that it all demonstrates anew the moral power of this republic, which is infinitely superior to any power of arms that it could possibly acquire. We insist that the whole world must learn again that the time has come to substitute for the horrible waste and slaughter of Eu-

rope some better means of settling disputes than that which writes us down a universe of cut throats and barbarians, and that the United States has once more pointed the way.

And so we look to Woodrow Wilson to perform still another service to the republic by saving us from those who would rob the poor, starve every movement for enlightened social development and transplant to our soil every evil of European militarism by squandering vast sums upon training men to kill, to maim, to burn and to destroy. But whether that is in his purview or not, however far he may seek to go to arm the country, we of The Evening Post acknowledge to him today the colossal debt that his country and humanity owe him. No one can overestimate how far-reaching its effects may be. It may result in the ending of the war of the nations; it may bear fruit of greater significance for humanity than that. Today we would merely set down the gratitude of a nation and solemnly record our belief that, more than ever, Americans may be proud of their country as that which more than any other is "an example and guiding star to all mankind."

Our Problem of Defense.

(Collier's Weekly for Sept. 11.)
Preparedness means ability to defend the United States now. The army and navy are factors in it. So, too, the application of the results of the present war to our own geography. What types of submarines, for example, will best serve us, and how many are needed? If trench warfare is the best defense for our cities, what are the local resources in trench-cutting machinery and workmen, in barbwire and electrical equipment, at the different strategic points? We must know also whether the roads and railroads at these points are adequate for military purposes. The government should have absolutely full and up-to-date information on all such matters. (Perhaps it has.) If riflemen are not, as some experts assert, the essential factor in ditch fighting, then we ought to set about training large numbers of machine-gun operators. If open-field fighting with high armies, as in eastern Europe, seems likelier to be our method, then we must find a way to train a great number of citizen soldiers by some such plan as that of Switzerland. The essential thing is to cut out pork and precedents and local interests and get busy on the real problem—which requires more work than talk.

Where the Poles Live.

(From Free Poland.)
It is difficult to estimate the exact number of poles in the whole world, since there being no official state of Poland, no official statistics are published, but these are the approximate figures:

1910.	
In Prussia.....	4,014,221
In Austria.....	4,967,983
In Russia.....	11,000,000
In rest of Europe.....	1,100,000
In the United States.....	2,930,000
In other countries.....	400,000

A Cyclone.

(Kansas City Star.)
A cyclone is a general storm area, or area of low barometer, which may cover several states or half of the United States, with wind blowing around the center, opposite to the hands of a clock, and for any locality is considered as straight wind. A tornado is a local storm or violent whirlwind within a cyclone area and is generally destructive. A cyclone may continue for several days, while a tornado lasts only a short time and usually occurs in the afternoon or evening.

Business Is Good.
It is estimated that within the past two weeks the Pittsburgh district has been forced to decline export orders for steel products to the amount of 300,000 tons. The reason was inability to guarantee delivery this year, mills being filled up with business that will keep them running to capacity for the remainder of 1915.—Pittsburgh Gazette Times.

Russian Retreat.
In the matter of retreating, Russia has one immense advantage over her allies. Her troops need not fear that in falling back 30 or 40 miles they will tumble into an Atlantic Ocean. There is plenty of room for a strategic or any other kind of retreat. And if they do stumble on the steppes, why, they will only trip out upon the Arctic Sea, and there they can get a skate out.—Kansas City Star.

Ambitious Italy.
Italy, having gotten in the habit of it, has now declared war on Turkey and is going to take the Dardanelles for the allies.—Augusta Chronicle.

Some Difference.
Both the Germans and the Irish came to this country to escape oppression and to enjoy liberty as Americans understand it. Both are at present hostile to England, but there is where the likeness ceases. For the Irish have never forgotten the things they endured at the hands of England. They have not even permitted the grant of home rule to change their attitude toward a government they learned to regard as unjust.

The German-American also came here to escape oppression. He, too, was a lover of liberty. But now some Germans forget their hostility to the oppression from which they fled, and show the most lavish subservience to kaiserism, even to the extent of siding against this country. If the German-American acted like the Irish-American he would still be bitter against the militarist autocracy in his fatherland.—New York Globe.

"Wide-Open" Towns.

There was a time when proposals to do away with certain undesirable institutions brought the vigorous objection that such action would "hurt business." It was really thought by hard-headed business men that a wide-open town was essential to prosperity. That theory has now been pretty well exploded. Practical demonstration has shown the fallacy of the idea.—Pittsburgh Gazette Times.

THE MISSUS.

Be kind to the missus, who spends the long days in making your home worth the while, be free with encouragement, gratitude, praise, and hand her a corpulent smile. You go to your home from your job in the mart, and talk of the burdens you've borne, the cares that are racking your galvanized heart, the ills that are making you mourn. Sweet sympathy comes from the lips of your wife, and love is aglow on her face; the burdens and cares of her own weary life have nothing to do with the case. Suppose you forget your own troubles and woes, and think of the woes of the frau, whose cheeks long ago lost the bloom of the rose, while wrinkles increased on her brow. Suppose you remember the work she has done, the endless routine of the years, the toil from the rising to setting of sun, and always with work in arrears. Suppose you remember when she was a maid, and you were a love-smitten boy; you pointed the future in opulent shade, and promised her comfort and joy. The missus will tell you she drops in her tracks, and goes to the rest up above, ignoring the pain and the strain and the tax, and all she's expecting in love.

HAVE NO CLUE TO MURDERERS OF A JUSTICE

(ASSOCIATED PRESS TELEGRAM) PROVIDENCE, R. I., Sept. 7.—Efforts were made by the authorities today to trace the movements of persons alleged to have shown unfriendliness toward Justice Willis K. Knowles, of the eighth district court who was murdered at North Scituate yesterday. Early in the day no arrests had been made.

The theory to which the police inclined they were most inclined to attach importance was that the justice was shot by some one who was in fear of prosecution as a result of Justice Knowles' activities in trying to bring about the punishment of violators of the fish and game laws.

A search for one suspect during the night was without result. It was announced today that the body of Justice Knowles would be taken to his former home at Hockingport, O., for burial.

Police investigations of the murder near his summer home at North Scituate yesterday have virtually narrowed down to a search for one suspect. The woods in the vicinity of the Knowles home were watched throughout the night but the man eluded the officers and made his way to this city, where he was seen last night.

The police learned later he had told friends he was going to New York. According to the police the man for whom they are searching had made threats against the justice. It is further alleged that he was near the Knowles home on the night before the murder and was seen in the vicinity yesterday afternoon. At the request of the authorities of the town in whose jurisdiction the crime was committed two Providence police inspectors were assigned today to work on the case. The body of the murdered man was taken today to his former home at Hockingport, Athens county, O., by his brother, Horace Knowles, a real estate broker of New York.

The Courts

In Common Pleas.
In common pleas court this morning Judge Fulton made an assignment of jury cases to begin Sept. 20 and continue for two weeks.

Beginning Monday, Sept. 13 Judge Fulton will be engaged in the hearing of motions and demurrers which have been assigned for that week.

In the case of George Weisant et al. against the Peoples Market Co. and others, heretofore submitted to the court upon a motion to strike the amended petition from the files, the court overruled the motions and allowed defendants leave to file an answer.

Corra J. Hill, administratrix of the estate of C. J. Hill against C. D. O'Hara, leave was given to file an answer in 20 days.

Resumes Duties.
Miss Marguerite Connors of East Main street, has resumed her duties in the office of County Clerk Bert O. Horton, after having enjoyed an enforced vacation of a couple of weeks caused by spraining one of her ankles.

Seeks Separation.
Iva Williams has filed a petition in probate court asking for a divorce from John B. Williams. The parties were married July 4, 1898, and have three children aged 16, 13 and 11 years. Plaintiff alleges that she worked out hanging paper and other manual labor to help support the family; that defendant is a habitual drunkard and has neglected to support his family; that he has kicked her and called her vile names and threatened the oldest son. Plaintiff asks for a divorce, custody of the minor children and all proper relief.

Divorce Petition.
Gladys Linkhart has filed a petition in probate court asking that she be divorced from Grover Linkhart. The parties were married Oct. 16, 1914, in Portsmouth, O. She charges gross neglect stating that he has refused to contribute towards her support. She also alleges cruel treatment and says the defendant has cursed and struck her. She asks for a divorce and all proper relief.

Taken To Hospital.
Amanda Cooper was adjudged insane in probate court today and was ordered committed to the state hospital at Columbus. The examining physicians were Drs. J. T. Harbottle and Willard Rank.

Alleges Cruel Treatment.
Hattie M. Bell has filed a divorce petition in the probate court asking that she be divorced from George W. Bell. The parties were married Dec. 6, 1911, and are the parents of two children aged 3 and 2 years. Plaintiff alleges gross neglect of duty and failure to provide for the past three years; cruelty is also made a basis for the suit, plaintiff alleging that defendant has struck her in the face with his fist and that he has choked her and driven her from home on numerous occasions. She asks for a divorce, alimony and the custody of the two children.

In the Kinney cup tournament at the Moundbuilders' Country Club, sixteen players qualified, and eight have been eliminated. Those remaining for the contest are John Kilpatrick, H. P. Scott, J. R. Fitzgibbon, Dr. H. P. Hundley, H. A. Fleming and T. A. Lewis of Granville, Frederick Miller, Howard Maddocks. For the club championship the contest has not been finished and those interested in golf are interestingly awaiting the results. The Lancaster players will come to Newark on Thursday, and will probably number about twenty.

Society

Two students who were graduated from Denison University with the class of 1915, have announced their marriage. The announcement was made by Mr. and Mrs. Alford Linton of 1812 East Broad street, Columbus, of the marriage of their daughter, Miss Elva Margaret Linton to Mr. Asbury L. Odebrecht, son of Mr. and Mrs. Leonce Odebrecht of Arlington on Monday, August 30, in Toledo, Mr. and Mrs. Odebrecht will make their home in Detroit, the bridegroom being connected with the editorial department of Everybody's Magazine.

Mr. G. F. Wright, a train dispatcher of the B. & O. railway, whose home is in Elmwood avenue, has been appointed chief train dispatcher in this city, succeeding H. S. Fordyce. The order was issued by Superintendent J. H. Jackson and becomes effective at once.

Newark Commandery Gets First Prize

The Knights of St. John Commandery No. 151, were awarded the honor of having the best drilled commandery in the state at the Field day of the Lancaster commandery yesterday. The exercises were held at the fair grounds in the Fairfield county capital and thousands of persons were present from all over Ohio. The award was made by three United States Army officers and the local men feel very proud of the distinction which they gained. Jacob Winters is captain of the organization and has faithfully drilled his men until they have achieved the reputation of having one of the best commanderies in the country.

Guessing Contest.
In the guessing contest as to the weight of the bag of apples placed on display by the Great Western Clothing company, James Sasser, H. E. Pyle, Roe Heiser and S. A. Vandemark, were a tie in guessing the correct weight which was 21 3-4 pounds. The four will now have to draw for the prize. Arrangements have been made to give a fine leather bag to the person guessing the correct weight of apples and the bag at the Great Western on Saturday.

STOLE TIRES TO PLACE ON AUTO ALSO PILFERED

Two men from Columbus, who drove over in a stolen Ford machine, while here got the Ford repaired free and also relieved the machine of C. L. Riley of Church street of the two back tires which were transferred to the stolen machine, whose number is 134846. The men arrived about 8:30 last night and left the Ford here to be repaired and then they went out and took the back tires of Riley's machine off and left his machine standing in front of the Central school building on West Church street. In the meanwhile the repairer got suspicious and went to the police but when he returned with the police the men had gone and so far they have not been located.

PANIC

CREATED IN PETROGRAD BY RUMORS THAT RIGA HAD FALLEN.

Immense Crowds Gather to Read Bulletin and a Number of Arrests Were Made.

(ASSOCIATED PRESS TELEGRAM) Berlin, Sept. 7.—(By Wire) to Sayville)—The Overseas News Agency says that a panic was caused in Petrograd yesterday by rumors that the Russian Baltic port of Riga had been captured.

The Local Anzeiger publishes private telegrams from Stockholm, says the News Agency, stating that the Russian capital was thrown into confusion by reports that the positions on the Dvina line had been captured, that Russian armies had been destroyed that Riga had been taken and that the German advance upon the capital would be no longer hampered. Immense crowds gathered in front of the newspaper offices. There was great excitement and many arrests were made.

"Toward evening the newspapers published extra editions containing official denials of those rumors and saying that the Russian defensive positions were still intact. However, the spread of the panic at the capital and reports of Emperor Nicholas' trip to the front are only a pretense to veil the removal of the emperor's residence to the interior."

RAIDING CEASES; BORDER SITUATION SOMEWHAT RELAXED

(ASSOCIATED PRESS TELEGRAM) Washington, Sept. 7.—A day's cessation of raiding on the lower Rio Grande and the announcement that General Carranza had ordered his commander at Matamoros to cooperate in the campaign against Mexican bandits, led officials here to believe that the gravity of the border situation had somewhat relaxed.

Four thousand troops in the vicinity of Brownsville, still had orders however, to be ready to handle any emergency.

Officials of the Washington government read without comment a statement by General Nafarrate, the Carranza commander, that if he had to deal only with American military authorities, the troops of the United States and the Carranza garrison could operate in harmony, but that if the Texas Rangers worked along the frontier they would cause trouble.

CREEKS OVERFLOW BUT NO DAMAGE IN LICKING COUNTY

The continual downpour of rain Saturday and Sunday caused the numerous creeks over the county to overflow in many places. The Dog Leg road south of the city was impassable for a few hours Sunday and yesterday the water was up to the roadway. The creek northeast of Hebron had overflowed, covering quite a few fields, mostly pasture, and but little corn was damaged.

The water in the lake was the highest in history, and the opening of the flood gates was in a part responsible for the overflow of the creeks in the near vicinity. There was no damage at Buckeye Lake park on account of high water, as the retaining walls kept it within bound until the waters could be lowered. The Licking river was not out of its banks, at least in the city.

**E. F. WOODWARD
NEW MANAGER
OF WALKOVER**

David R. Manning who has for several years been manager of the Walk-Over Shoe Store in South Park Place, will leave tomorrow for Reading, Pa., to assume the management of the Walk-Over store in that city. He will be succeeded here by Earle F. Woodward, a former New-

DAVID R. MANNING.

ark boy who has been connected with the Reading store for the past three and a half years.

Mr. Manning has been prominent among the younger business men of the city, and besides being successful in the management of the local store, has been prominent in the social life of the Licking County Club. This sum has reached America since Aug. 2, in round figures, \$100,000,000 of the amount has been in gold coin.

In normal times of peace international business is generally maintained at a basis of 6 to 10 per cent. That is, a foreign credit of, say \$100,000,000 could be carried, without disarranging the exchange rate, on a cash basis of \$6,000,000 to \$10,000,000 on hand here.

NOTICE TO HIDEES.
Notice is hereby given that bids for the printing of the notices for the November election in Licking county and the alphabetical list of registered voters in Newark, Ohio, will be received by a Board of Deputies State Supervisors of Elections at its office No. 10 N. Fourth street, Newark, Ohio, till 12 noon, September 14, 1915. All bids must be accompanied by a bond, and the board reserves the right to reject any and all bids.

Obituary

Funeral of H. O. Norris.
The funeral of Mr. Henry O. Norris, who died at his home in Hudson avenue, on Saturday morning, was held at 10 o'clock this morning at the Trinity Episcopal church and interment took place in the Cedar Hill cemetery.

Funeral of Evaline McCarrick.
Evaline McCarrick, year and 6 months old daughter of Mr. and Mrs. James McCarrick, died Sunday evening at 11:00 o'clock at the home in South Fifth street. Funeral services were held at 2 o'clock today in St. Francis de Sales church, and burial made in Mt. Calvary cemetery.

Funeral of Mrs. J. H. Mattingly.
The funeral of Mrs. J. H. Mattingly, who died at her home here Saturday afternoon at 3 o'clock, after an illness of but a few days, death resulting from apoplexy. She is survived by her husband and one son, George Mattingly of Utica. The funeral services were held at one o'clock this afternoon and interment was made in the Green Hill cemetery.

MORE GOLD

(Continued from Page 1.)
demands of business are lower than usual, and when the vaults of the country are already choking with gold, may, it is feared, accelerate the tendency toward inflation and speculation. Already, according to the weekly statement of the federal reserve board, as of September 3, the gold reserve in National banks has reached the total of \$268,000,000.

This mass of treasure, it was pointed out, cannot remain idle. Seasonal demands, such as the increased demand for money in the drygoods trade and the movement of the great corn and wheat crops, will decrease the sum, but will still leave thought, it is believed, a huge amount which must be put to work in other ways.

A strong temptation to employ the big remaining surplus in speculative enterprises which would tend toward bringing about a period of inflation and fictitious values whose collapse would have an unhealthy effect upon business in general.

While pay for supplies sent to Great Britain is, of course, both wanted and expected, New York bankers do not want to be paid in gold. They would much prefer to lend Great Britain the money to pay them, taking high class American securities for the loan.

In the face of England's great shipment of gold and the accompanying securities aggregating more than \$80,000,000 and of the conviction that other high shipments would soon follow, the foreign exchange rate on sterling opened today at a loss of one cent from Saturday's close, of \$4.67. Within two hours it lost two cents more, going down to \$4.64. Francs remained at virtually the same figure, \$5.96. This, too, was the case with lire, which were quoted at \$6.48, while reichsmarks were a trifle stronger at \$1 cents.

Quotations, however, were said to be purely nominal.

An index of Great Britain's huge volume of purchases in this country was afforded by this shipment of gold and securities, and the two preceding shipments, which aggregate approximately \$180,000,000. This sum has reached America since Aug. 2, in round figures, \$100,000,000 of the amount has been in gold coin.

In normal times of peace international business is generally maintained at a basis of 6 to 10 per cent. That is, a foreign credit of, say \$100,000,000 could be carried, without disarranging the exchange rate, on a cash basis of \$6,000,000 to \$10,000,000 on hand here.

SOME NIFTY SCENERY BARNEY!

YES—LATEST CUT—SILK LINED—\$60. WHEN IT COMES TO PERSONAL APPEARANCE, THE SKY'S MY LIMIT.

BARNEY, I MUST HAVE A NEW DRESS!

NEW DRESS? WHAT'S THE MATTER WITH THE DRESS I BOUGHT YOU BEFORE EASTER? WHAT ARE YOU AIMING TO BE—A 5TH AVENUE FASHION PLATE?

HERE'S A LOVELY DRESS OF MY LAMENTED 1ST WIFE ANGELICA. COST \$15.98! IT WAS A TRIFLE TOO LARGE FOR HER AND SHE ONLY WORE IT A COUPLE OF TIMES. BUT FOR \$1.25 A DAY A DRESSMAKER COULD—

AND DO YOU WANT ME TO TRY THAT ON?

WELL, BARNEY—NAME IT! NOAH'S ARMY, OR A TEAM-MATE OF CHARLIE CHAPLIN'S?

LOOKS FINE.

EMILY, IF YOU SHOULD ASK ME! THE HEM OF THE SKIRT COULD BE LET DOWN A BIT.

SELFISH LITTLE BRUTE! SOON YOU'D HAVE ME BELIEVE GINGHAM WAS SILK! YOU RUSTLE UP \$75 FOR MY NEW DRESS OR MOCK THAT \$60 CREATION YOU'RE WEARING—I DON'T CARE WHICH!

IT'S YOURS EMILY. NOTHING SHOULD BE TOO GOOD FOR MY WIFE!

Prize Potatoes.
Wm. Price who lives on Dr. Barkers farm three miles southwest of the city, was given first-premium on three different kinds of potatoes, at the State Fair, namely the Michigan Russets, Carmen's and early Rose. The doctor is very much elated over this as there was a large showing of potatoes from all over the state.

TEACHERS RETURN FROM ATHENS, O., SUMMER SCHOOL

About fifty Licking county teachers have returned home from Athens where they attended the summer session at Ohio University. Few, if any counties, are better represented than Licking county at the different summer schools. With such continued and aggressive activity on the part of our teachers our schools are bound to experience an educational revival. The teachers return from their educational outing with renewed enthusiasm and interests by which they are to arouse the spirit of learning in their schools. The summer school offers splendid opportunities for general academic and professional improvement. At the Ohio University this summer about 2,500 teachers were present. Through the efficient and able administration of

ELECTION FRAUDS CHARGED AGAINST 40 DEFENDANTS

(ASSOCIATED PRESS TELEGRAM)

Corpus Christi, Texas, Sept. 7.—Selection of two more jurors to complete the 12 men who will decide the guilt or innocence of forty-one defendants charged with frauds in the last general election was the first business before the United States district court today. Ten jurors were selected at the opening of the trial yesterday, after Judge Walter T. Burns, had overruled a demurrer to the indictment.

Among the defendants who are charged with conspiracy to corrupt the November election are District Judge W. B. Hopkins, County Judge Walter F. Timon and thirty-nine other county officials and citizens of Nueces county.

FARMER ANXIOUS TO GET TO PRISON, WIRED A SHERIFF

(ASSOCIATED PRESS TELEGRAM)

Raleigh, N. C., Sept. 7.—Robert L. Walls, a farmer of Watauga county, was in Raleigh today awaiting the arrival of a sheriff to overcome legal technicalities that barred him from entering the state prison to serve three and one half years for manslaughter. Walls, who had paid his own way here from his home county, was refused admittance because he was unaccompanied by an officer. He promptly telegraphed for the sheriff.

You'll Find News in the Wants Today

In Milady's Boudoir

By Gwen Sears

Take every other good thing in the world, exercise can be abused or used ignorantly. The first thing we must learn is to send the blood to some particular part of the body. If we exercise the arms we send the blood to them and develop the arm muscles. If we exercise the hips we send the blood there and "eat up" the surplus deposits of fat. If we exercise the ankles for suppleness we send the blood to them.

We must not, therefore, steal blood from any part of the body which needs it in its own work. For instance the stomach is almost the hardest working member of the body, and to do its work well must not be interfered with. After eating, therefore, is no proper time to exercise. Instead, if you can sit in an easy chair and relax for half an hour after each meal you will be doing the best thing possible for both health and complexion.

As the first step here is a waking up exercise lying on your back, stretching out in bed, without stretching, and take the ten deep breaths. Let out to their fullest capacity all the natural yawns that come, and supplement them with several artificial ones. Throw out the arms and stretch the legs wide apart. Do this five times, then bring them together and bend the knees up so that the feet are flat on the bed. Repeat this ten times.

Now you are ready to jump out of bed in just as vigorous a fashion as you wish. Of course your bath follows next, but after that you should have ten minutes of really vigorous movements to stir your blood. An excellent exercise is a very near imitation of the occupants of a money case. Stand erect; then squat down on the heels, at the same time throwing the knees apart and the arms out sideways. Raise the body and repeat, but thrusting the arms forward this time. Alternate in this fashion until the muscles are tired or the body begins to feel unpleasantly warm.

TANNEHILL HELPED FORECAST BIG WIND; OLD GRANVILLE BOY

Ivan R. Tannehill, graduate of Denison University, and a former resident of Granville, is a member of the staff of the U. S. Weather Bureau of Galveston, which issued warning to Galveston residents forecasting the monster storm which caused great damage in that city a few weeks ago.

The San Antonio Express of last Sunday carried a full page feature story with an elaborate art lay-out showing damage wrought by the storm. With the article are three portraits of the bureau staff, W. P. Stewart, forecaster, Ivan R. Tannehill, observer, and J. W. Geiger, observer. These three men are styled in the article the "heroes of peace" and credit is given them for saving the lives of many Galvestonians.

The article relates that these three men had kept close track of the storm and when it neared the Texas coast they sent the storm warnings broadcast. After the storm reached Galveston, these men remained at their posts on the top floor of a high office building, for 36 hours without rest, and sustained only by what food happened to be brought to them. After the storm had subsided the men collapsed with fatigue.

Tannehill was graduated at Denison University about three years ago. He was editor of the Denisonian in his senior year and spent the following summer in newspaper work with the Advocate staff. He has a host of friends in Newark who will be glad to learn of his success in the government service.

After Vacation Peel Your Discolored Skin

Women returning from the seaside with brown, reddened or freckled complexions will be wise in immediately taking up the macerolized wax treatment. Macerolized skin had best come off, for no amount of "beautifying" will ever make such skin white to look on. The surest, safest, easiest way to peel the discolored cuticle is with the treatment suggested. But the wax on before retiring, as you would cold cream, and rinse it off next morning with warm water. Absorbent particles of scrub skin will peel off by day, gradually, showing the healthy, youthful skin beneath. One ounce of macerolized wax, obtainable at any drug store, is enough to make any discolored or spotted complexion clear, white and satiny soft. Its action is so gentle no injury is caused and the face shows no trace of its use.

Burning heat, irritating winds and dirt are serious enemies that the daily use of the following astringent-tonic lotion at this season is highly advisable. Powdered talc, 1 oz.; dissolved in white alcohol, 2 oz. Use as a face bath. This is a splendid wrinkle remover and preventive.

Vanillin is the active principle which makes vanilla ice cream so popular. It occurs in the roots of oats and the leaves and roots of a number of plants. It has been found to be poisonous to clover, wheat, cowpeas and other plants.

Your Boys and Girls

Nearly always sulky children are the smartest, have the keenest minds, the best business habits. The child who has a fit of real anger at a disappointment does lose self-control and ought to be very kindly treated, shown the reason why it cannot have its wish, taught lovingly the lesson of self control. Its anger is a sign of weakness, but its sulks are an acquired accomplishment, the fit is well reasoned out in this way.

The child thinks that the mother is loving in nature, does not like to see it unhappy, is miserable herself, and though there may be good reasons why she refuses what it wants, yet if it persists in its ugliness then the mother will sacrifice her judgment to the child's obstinacy and give it what it wants even to its own hurt.

The rose has a wretched disposition there in the shade-worm eaten leaves, poor colored bloom, but plant it in the sun, don't let it sulk, try a different and better place, and it will do all right then.

Every Day Etiquette

"My daughter has been invited to visit the home of her fiancé. Is it proper for me to allow her to do so?" asked a puzzled mother.

"Yes, if the young man's mother or some other female member of his family has given the invitation. It is understood, of course, that the person giving the invitation will chaperone your daughter during the visit," advised her neighbor.

A PARISIAN CREATION.

A stunning evening gown is shown of black silk net with jet embroidered trimming. The skirt, finished with a wide band of jet embroidery, is topped with a double tunic, one finished with a satin binding the same length as the drop skirt, and another uneven in length is finished with jet ball fringe. The bodice of embroidered jet is extremely décolleté, but veiled with the silk net and finished at the neck with velvet ribbon and tiny rosebuds. Long sleeves, too, are a feature of this striking affair.

JOFFRE VISITS ITALIAN FRONT; WELL RECEIVED

[Associated Press Telegram]
Paris, Sept. 7.—General Joffre, the French commander in chief, returned last night to France after his visit of two days at the Italian front. On reaching Modane, on the Franco-Italian border, he despatched to General Cadorna, the Italian commander-in-chief, a telegram expressing gratitude for the hospitable reception accorded to him, by King Victor Emmanuel and the army.

In his message General Joffre gives highest praise to the Italian troops for what they have accomplished in a comparatively short time, and adds:

"The French army applauds your first brilliant successes, the Italian army marches with sure step toward a definite victory, which the allied nations know will be assured by the United efforts, with the same ideals and love of liberty and civilization."

TWO KILLED AS CARS COLLIDE IN DENSE FOG

[Associated Press Telegram]
Columbus, Sept. 7.—Massey Golden 37, of Reese Station, was killed outright and John Albright, 40, also of Reese Station, was so badly injured that he died later at a hospital, as the result of a head-on collision in a fog, of a freight car and a shop car of the Scioto Valley Traction line early today at Reese Station, seven miles south of here. Scioto Valley officials said the wreck was due to confusion in the dispatcher's orders and that an investigation would be made.

MINE WORKERS IN CONVENTION; WAGE DEMANDS

[Associated Press Telegram]
Wilkesbarre, Pa., Sept. 7.—Several hundred delegates were in attendance today at the opening of the district convention of the United Mine Workers, the chief business of which will be the formulation of a new wage scale which is to be presented to the coal operators prior to the expiration of the present agreement in April, 1916. The principal demands will include a wage increase of from 20 to 25 per cent; an eight hour day, a system of adjusting disputes "which will make for expediency," to supplant the present conciliation board, and complete recognition of the union.

President White of the United Mine Workers, recently conducted a membership campaign in the anthracite region and union officials claim that 80 per cent of the mine workers are now members of their organization.

MANY JOURNALISTS ATTEND FUNERAL OF GEORGE FITCH

[Associated Press Telegram]
Peoria, Ills., Sept. 7.—The funeral of George Fitch, widely known as a humorist and author, who died at Berkeley, Calif., August 9, was held at Galva, Ills., his birthplace, near here today. Journalists from all parts of the country attended.

As a mark of esteem 10,000 children in the public schools of Peoria, at the hour of Mr. Fitch's funeral read works from his pen.

Mr. Fitch retired from the presidency of the American Humorist Association in 1911.

G-E-T-S-I-T

Alone for Corns

It's Standard with All Good Druggists.
Note this, G-E-T-S-I-T is the way
the name of the world's greatest corn
remover is spelled. Don't take a
chance with some preparation made
up with a name which resembles
"G-E-T-S-I-T." Get "G-E-T-S-I-T"—nothing
else. When you buy a bottle of
"G-E-T-S-I-T," the world's wonder for
corns, you have right back of you

Stop Misery and Excruciating Pain
This With Simple, Easy "G-E-T-S-I-T"

The happy experience of millions of
"G-E-T-S-I-T" users. You don't have to
experiment. Nothing new for corns
has been found since "G-E-T-S-I-T" was
born. All conscientious druggists
know it. Millions of people know it.
Applied in a few seconds—that's all.
The corn begins to loosen, comes off,
painlessly, without fussing or trou-
bles. Goes into fat bundles with ban-
dages, corn-pressing cotton rings;
corn-pulling salves, corn-teasing plas-
ters—are out of date. Cutting with
knives, razors, files and scissors and
the danger of blood poison are done
away with. "G-E-T-S-I-T" is the only
for any corn, callus, wart or bun-
ion. Never fails. See that you get "G-E-T-S-I-T"
and nothing else for corns.
"G-E-T-S-I-T" is sold by druggists
everywhere, 25c a bottle, or sent direct
by E. Lawrence & Co., Chicago.

Rheumatism

A Home Cure Given by One Who Had It
In the spring of 1913 I was attacked by
muscular and inflammatory rheumatism. I
suffered as only those who have it know, for
it rendered me almost helpless. I tried every
remedy, and doctor after doctor, but such
relief as I received was only temporary.
Finally I tried a remedy called "Rheuma-
tism" and it has never returned. I
have given it to a number who were terribly
afflicted and even bedridden with Rheuma-
tism, and it effected a cure in every case.
I want every sufferer from any form of
rheumatism to try this simple, safe, and
effective remedy. Don't send a cent; simply mail
your name and address and I will send it
free to you. I have used it for years and
it has proven itself to be a long-sought-for
means of curing your Rheumatism. You may
send the price of one dollar, but under-
stand, I do not want your money unless you
are perfectly satisfied. I will send it free.
Why after any longer when positive
relief is in hand. Write me free. Don't delay.

O. C. Martin today begins his
second term of the office of county
recorder to which he was elected last
November. He has retained his ef-
ficient deputy, Mrs. Ella Connell,
and that will be pleasing news to all
who transact business in the re-
corder's office.
Mr. Martin has made a splendid
official. He has more than made good
and has brought the office to a high

standard of efficiency. Carl Martin
is known to nearly every citizen of
Licking county and they will always
find him at his post ready to wait
upon their needs. He is a pains-
taking and careful official and has
the confidence of all who know him.

NO ACTION

of this fact, officials think, might be
construed as a purpose to challenge
the German blockade.
It was pointed in the same con-
nection that the British ship Wainana,
mounting a small gun, has been held
up for some time at Newport News,
while the state department has been
deciding her status.
Officials admitted that a decision on
this point involving a change in the
American procedure towards such
ships, would be of far reaching im-
portance to the international situa-
tion arising over the submarine ques-
tion.

LINER SUNK

According to Report in London
Which is Unconfirmed.
[ASSOCIATED PRESS TELEGRAM]
London, Sept. 7.—The Central
News says Harrison Line steamship
Dictator was sunk several days ago
and her crew of 12 was landed with-
out casualties.
There is no confirmation of this
report.
Under the recent ruling of the
British admiralty, details concerning
the sinking of the vessels by subma-
rines, are withheld, but the implica-
tion of the foregoing dispatch is that
the Dictator was attacked and sunk
in the war zone about the British
Isles. The Harrison Line steamer
Dictator, 4,116 tons, gross, and owned
in Liverpool, sailed from Pernambu-
co, Brazil, on August 31, for Ca-
bado, Brazil. Her subsequent
movements have not been reported,
but as she requires about 17 days
for the voyage to England, she could
not have reached the war zone for
several days. It is possible, that some
other Harrison Line steamer, or an-
other vessel named Dictator, of which
there are several has been sunk.

NO LIGHT SHED

Upon Liner's Sinking in Joint State-
ment of Her Officers.
[ASSOCIATED PRESS TELEGRAM]
Queenstown, Sept. 7.—(1 P. M.)
Wesley Frost, American consul at
Queenstown, has obtained a joint
statement from officers of the Hes-
perian.
It does not throw any light, how-
ever, on the question whether the
ship was warned or whether a sub-
marine was sighted.
Survivors interviewed here assert
they learned early in the day of the
disaster that a submarine had been
sighted, and say the Hesperian kept
a zigzag course thereafter.
Some passengers say, however,
that if the submarine was sighted
they are unable to understand why
more elaborate preparations were not
made to place life belts and life boats
in readiness.
HAD NO TROOPS
Hesperian Said by Admiralty to Have
Been Ordinary Passenger
Vessel.
[ASSOCIATED PRESS TELEGRAM]
Washington, Sept. 7.—Ambassa-
dor Page at London, called the state
department, today, that the British
admiralty had informed him the Al-
lan liner Hesperian was sailing as an
ordinary passenger steamer and had
never been in the government's ser-
vice since the war.

"There was no troops aboard," the
ambassador's message continued.
"Some wounded and invalid soldiers
were aboard traveling on individual
tickets as other passengers."
A cablegram from American Con-
sul Frost stated that the Hesperian
sank near where she was torpedoed.
The Allan believes there were no
American passengers," the mes-
sage said. Two American stewards
were saved, Francis Dallas of Buffa-
lo, and Barney Miller, of Grand Rap-
ids. Both were below when the tor-
pedo struck. Total loss of life is per-
haps twenty."

THE RICHES OWNED

BY FARMER!
The American farmer today repre-
sents a new generation of intelligent
independent, thrifty people with money
and inclination to be progressive. The
farm products of this year bring to
the farmers and planters probably five
billion dollars, which would prove that
they could corner the money market
of this country if they got together
and used it as one man. Strength
strenuously and the future health of
the American people depend upon our
country folks. As a rule, country
folk are healthier than those who live
in our crowded cities. Consumption
is a disease of civilization. Life in the
open air and sunshine gives vitality
and health. Nature is the great
teacher and developer of mankind. Peo-
ple have more faith in a remedy which
is taken from Nature, from the vege-
table kingdom, than from any other
source. A remedy which has enjoyed
a grand reputation for nearly half
a century is Dr. Pierce's Golden
Medical Discovery, an alternative
extract taken from barks, roots with
pure glycerine, without the use of a
particle of alcohol or narcotics. This
medicine goes to the root of disease
by imitating Nature's methods of re-
storing waste of tissue and impov-
erishment of the blood and nervous force.
This "Medical Discovery" of Dr.
Pierce coaxes the digestive functions
and helps in the assimilation of food,
or rather takes from the food just the
nutrient the blood requires.
The prompt and certain action of
Dr. Pierce's Golden Medical Discovery
in driving all harmful germs and im-
purities from the blood, sets in motion
the repair process which works actively
on the diseased membrane where Cat-
arrhs flourish unchecked or where the
skin gives warning of the bad blood
beneath by showing pimples and boils,
also the skin clears up and becomes
wholesome and ruddy.

RETIRE MINSTER

TELLS HOW IT WAS

One Bottle of Nerv-Worth Brought
Restful Nights and Good
Digestion.
"I have suffered about 5 years
with trouble of the stomach and low-
er bowels. I was nervous, my rest
was much disturbed during the af-
terpart of the night. I would retire
about 9 p. m., sleep until once, only
about four hours.
"After taking not quite one bottle
of Nerv-Worth I feel as follows:
Have been much benefited in my
sleep. I rest good from 7 to 8
hours per night. I feel fresh in the
morning when I get up. My diges-
tion is better. The gas on my stom-
ach is eliminated and my heart is
much better. Taking it all through
I feel much improved and I recom-
mend Nerv-Worth as a great help to
run-down people."
This endorsement was written by
Rev. C. W. Norris, a retired minister
of Huntington, W. Va., the city
where nearly 200 bottles of Nerv-
worth are being sold every week.
Nerv-Worth does for other victims
of nervous ailments what it did for
Rev. Norris. If it doesn't do that for
you, your money back, \$1.00 a bot-
tle. Sold at the T. J. Evans' drug

It Pays To Wear The New Suits While They Are New

There is so much more pleasure in wearing a new suit while it is brand new in style. Then, you have so much longer wear from a suit bought early in the season. You can safely select your fall suit now. The extensive variety of models, materials and colors, provides a wonderful assortment from which to choose. The early styles are the best creations of the tailors, for the reason that more time is given during the designing season to the tailoring and it insures a better suit than the styles that are made after the rush of the season is on. Come in this week and get acquainted with the new styles. To wait until late in the season to select your fall suit is only to deny yourself the pleasure of being stylishly dressed when the styles are fresh and most attractive.

LEGITIMATE BANKING TO ENCOURAGE LEGITIMATE INDUSTRIES.

This in a few words states the policy of this institution. First consideration is given to the SAFETY OF DEPOSITORS' FUNDS. The bank's funds are invested in securities which can be liquidated easily. Its loans are diversified—scattered over many lines of business so that serious disaster to any one line would not affect the bank.

Its officers and directors are responsible men who welcome every opportunity to assist in every worthy project.

POLICE COURT.

Police court was held yesterday and the usual number of drunks and loiterers were under arrest. Ten drunks were fined \$5 and costs and seven loiterers were fined \$1 and costs.

This morning's docket contained three drunks who were fined \$5.00 and costs and were remanded to the city prison and county jail. Five train riders were fined \$1 and costs. Ray F. Sutton of this city was caught speeding yesterday by Chief Sheridan and was fined \$15 and costs this morning. Mr. Sutton was warned to go slow in the future and it is the intention of the police department to punish all offenders.

LUCILLE POWELL ASSISTANT DEAN OF SHEPARDSON

(Special to the Advocate.)

Granville, O., Sept. 7.—The King's Daughters held their meeting last night in the parlors of the Presbyterian church, with about thirty members answering to roll call. The devotional service was led by the president, Miss Lilly Jones, and the secretary's report was given by Miss Grace Ackley in the absence of Miss Blanche Horton. Interesting reports from various committees were enjoyed, especially that from the flower committee with the announcement that one hundred and twenty-four bouquets had been sent to the baby camp, and to various hospitals. On Friday of this week, Miss Lilly Jones will receive the flowers for shipment. One of the features of the evening was Miss Evangeline Davies' talk on the "Character of Esther," presenting one of the most romantic stories of the Bible in graphic and most delightful style. After discussion of several matters of business the meeting adjourned. Mrs. L. A. Austin will entertain the circle on September 20, for the annual rally, at which all members are urged to be present.

Representative citizens of Granville town and township met last evening in Municipal building to consider the organization of the township for work in the coming dry campaign. Mr. L. B. Garton the county campaign manager, was present and Mr. George Strong of the Public schools presided. Much interest was manifested and the initial meeting which was well attended will result in some well directed efforts.

Miss Sue Little has gone to Three Oaks, Mich., to attend the wedding of a friend, after which she will go to Bar Harbor, Mich., for a visit with Mrs. Anna Lou Carter Fredericks.

Mrs. M. C. Graze, who has been the house guest of Mrs. Elizabeth Spellman, left last night for Chicago, enroute to her home in Houston, Tex.

Friends of Mr. J. M. Jones, who has been ill for several weeks, are pleased to learn that he is able to be around again.

Prof. and Mrs. A. M. Brumback, with their daughter, Miss Alma, and her houseguest, Miss Mabel Cunningham of Cleveland, have returned to their cottage at Summerland Beach for a short stay.

Miss Eva Wright, who has been suffering with an acute trouble in her eyes, is much improved.

Miss Dittmars of Shepardson college was called home yesterday by the sudden illness of her father. Miss Dittmars parents have planned to come to Granville this month to spend a year or two with their daughter.

Dr. H. Q. Green of Toledo has been the guest of his brother-in-law and sister, Dr. and Mrs. L. E. Davis.

A new shipment of books from the Columbus traveling library, was received yesterday at the Granville library by Miss Faye Hulshizer, who is taking the place of Miss Chamberlain during her absence.

Mr. Willard Willis of Washington C. H., has been visiting at the Beta house.

Mr. Harold Kier has returned from a pleasant vacation trip to the new home in West Elm street.

Several hundred people visited Burton Case's peach orchard yesterday and enjoyed a little Labor Day parade of their own. They came from Columbus, Newark, Mt. Vernon, Summit, Pataskala, Hebron, Johnstown, Uica, Homer, Kirkersville, Ottville, Alexandria, Sunbury, Granville, and the surrounding country, and, more or less good naturedly stood in line waiting their turn. A few goods will finish the crop.

President Chamberlain's latest and last announcement concerning the vacancies in Denison and Shepardson, is to the effect that Miss Lucille Powell, Denison '27, of Cedar Rapids, Iowa, is to be acting dean of Shepardson college during the ensuing year. Miss Powell has a distinguished record as dean of Central College, Iowa, and also professor of Greek for five years for the same institution. Last year she spent in special study in the University of Chicago, and was therefore in a position to listen favorably to the request of the committee on instruction of the Denison board, that she fill Miss Judson's place. Miss Powell comes to her work splendidly equipped. She comes among old friends, and she has the advantages of familiarity with Denison and Shepardson traditions and ideals. She has been the week-end guest of her cousins, the Misses Letty and Lena Green, who have been in Granville for the summer.

The observance of the Lord's Supper in the Baptist church Sunday morning, was a beautiful and impressive service in which the pastor, Rev. Millard Brelsford, was assisted by Rev. W. C. P. Rhoades of Brooklyn, who came to this church when a young man just out of the theological seminary. He gave only a talk, which recalled the old days and the old families most of whom are gone and scattered. Pastor Rhoades believes in the love of Christ, and emphasizes it in his preaching, as well as exemplifies it in his daily living.

Mrs. Karl Eschman went to Cleveland on Friday for a visit with friends and was joined on Sunday by Mr. Eschman. They expect to return some time during this week.

Prof. and Mrs. Theodore Johnson spent the week-end in Delaware. Mrs. Johnson is on the program for the Baptist Association to be held in the Welsh Hills church on Wednesday and Thursday of this week.

Dr. W. C. P. Rhoades of Brooklyn, who is in Granville with his son, was honor guest at a luncheon given at the Buxton House Saturday. Covers were laid for: Dr. Rhoades, President and Mrs. Chamberlain, Miss Helen Baldwin of Joliet, Ill., Miss Lucille Powell of Cedar Rapids, Iowa, Mrs. Burton Case, Miss Carrie Howland, Prof. Eschman, and Mr. Harold Rhoades of Brooklyn, N. Y.

Mr. and Mrs. George Spellman of Cleveland, who have been spending a

SURVEYOR OF COUNTY TAKES A NEW TITLE

John C. Swartz, who had been filling an unexpired term as county surveyor and who was elected to that office last November, assumed office this morning, succeeding himself. Mr. Swartz was appointed by the county commissioners to fill the unexpired term of the late Fred Cully and so well did he perform those duties that the voters of the county elected him by a handsome majority.

Mr. Swartz is a graduate of the Newark high school, Doane academy, and Denison college. He has had a

SCHOOLS OPEN FOR FALL TERM; MANY ATTEND

OVER 700 EXPECTED TO BE ENROLLED IN HIGH SCHOOL BY WEEK'S END

Which is the Largest Attendance in the Local Schools' History—All Teachers on Duty.

The clang of the school bell this morning called many thousand children in the county to the various school houses and the growth of Newark was attested by the increased attendance at the local schools.

Both the public and parochial schools were opened today and studies were resumed after the summer vacation of several months. Both the St. Francis de Sales and Blessed Sacrament parishes report a greatly increased attendance and the public high school broke the record with an enrollment of 675 and expectations are had that the total enrollment will reach 700 before the week is over. This is the largest number to ever matriculate at the local high school.

A meeting of the teachers of the city was held on Monday and the organization for the coming year's instruction was arranged and every teacher reported for duty this morning.

All the grade schools have a large attendance and hundreds of tiny feet guided by the hand of their parents trudged their way to the school building for the first time.

great deal of experience for a young man and has filled important engineering offices in Columbus, Kentucky and West Virginia, and was engaged as constructing engineer on the new Detroit, Mich., postoffice.

Mr. Swartz will retain his old force and he himself loses the title of surveyor, being designated now as county highway superintendent, an office created by the Cass road law. The new law places the work of the surveyor's office under a closer supervision of the county commissioners and they regulate the compensation of the superintendent's assistants as well as ratifying all contracts for supplies.

Under the new law all inter-county and main market roads must be equipped with sign posts showing

"HUMAN FLY" WILL SCALE FACE OF TRUST BUILDING

"Satanet the Human Fly" is to scale the front of the Trust building this evening at 5 o'clock, and there is no doubt but that several thousand will be present to witness the Virginia dare devil's thrilling feat.

Satanet climbed the Hartman building in Columbus late yesterday afternoon in presence of a crowd estimated at 10,000, and after he reached the top he "shinned" up the flag pole.

Mr. Frank Wilson, distributor for Satanet in this county, succeeded in bringing the man who sends thrills through the spectators, to the city. His daring feat will be well worth while for he climbs the tallest building without the use of artificial devices of any nature.
